

## Aholansaari - The Island of Peace and History

In the heart of Finland's lake district, just a short boat ride from the Tahko resort, lies Aholansaari – an island where nature, culture, and serenity come together. This charming island is full of stories that take you on a journey through Finnish history and the spirit of summer. The boat trip from Sääskiniemi pier is part of the adventure – with the breeze, sparkling water, and the island rising on the horizon, your visit begins long before you arrive.

Aholansaari was once home to Paavo Ruotsalainen, a 19th-century farmer and spiritual leader. His humble cottage, Paavo's Cabin, is now a fascinating museum. Nearby, you can visit the summer vicarage of Reverend Kleofas Hyvämäki and an impressive outdoor wooden church with 800 seats – both reflecting Finland's deep traditions of faith, community, and craftsmanship.

Today, Aholansaari is both a cultural heritage site and a holiday retreat. Visitors can enjoy delicious meals in the island's restaurants and also stay overnight surrounded by beautiful nature.

Aholansaari is a perfect summer escape a place to breathe, find inspiration, and experience Finnish nature and culture at their finest. In winter, Aholansaari transforms into a peaceful snowy haven. Cross the frozen lake on a ski track, stop at the cozy café on the ice trail, and experience the true Finnish way of embracing nature's silence.
